### Bible Time Fact

Many people in the Bible had names that meant something or told part of their story. "Moses" comes from a Hebrew word that means "to draw out."

Bottom Line

God is full of surprises!

### See It

Next time you see a baby, remember how much God loved Moses and how much God loves you.

### Hear It

Listen for babies crying like Moses in the basket. It means they need something. How can you help the baby you hear?

### Talk About It

1. What do babies need to be cared for well?
2. What makes you feel safe? Unsafe?
3. Share a story about a time someone surprised you by doing something nice for you.
4. What kinds of things float in water? Collect some things you have around the house and do an experiment to see if they sink or float. Were you surprised by the results of your experiment? What would you use to build a floating basket?

### Live It

**For families to do together:** Gather items to give to your local crisis nursery or a family with a new baby in your community. Include things a new baby or parent needs: diapers, blankets, books, clothing, babysitter referrals or a colorful, hand-made picture or card. Then deliver it together.

**For preschool kids:** Do something surprising to help or show love to a friend or family member.

### Pray It

Thank you, God, for taking care of babies like you took care of Moses. And thank you for taking care of our family. Help us see you at work in our world in surprising ways. AMEN.
