

# Wisdom is finding out what you should do and doing it.

Read James 3:17

DAY

1

## Steady Growth

This month, we learned how to grow in wisdom. Looking back, did you trust God, look for wisdom, make good choices, and learn from others? To finish strong, choose one of those things listed above to focus on this week. How will you grow?

**Look for opportunities to grow in wisdom.**

DAY

2

## W-I-S-E

Use your body to spell out the word wise! While forming the letters W-I-S-E name something wise you did this week!

**Know that God uses each of us in a different way to provide wisdom to others.**

DAY

3

## The Next Right Thing

Read Romans 12:2. God is asking us to live differently and do what is right. For the rest of the day take easy steps and think what the next right thing would be. Would it be pleasing to God?

**Remember others will see God in our wise actions.**

DAY

4

## Real Wisdom

All this month we learned that with God's help we have the ability to be wise. We can always talk to God and He will help us grow in wisdom. Pray now and thank Him for all His help.

~~~~~  
"Dear God, Thank You for the stories of people in the Bible that have shown wisdom when they needed to. I pray that I can also grow in wisdom and know the right thing to do. Amen."

**Never stop growing in wisdom.**
