Remember, you can make the wise choice.

DAY

2

Don't Just Think, Do!

Finding wisdom isn't the hard part, it's acting on that wisdom that you know is right. Draw a picture of a time that you made the right choice. When finished, show someone special and ask them when they made a wise choice.

Know that having wisdom is better when you use it.

Wild for Wisdom

Read this week's verse a few times to yourself. Once you got the hang of it, recite the verse making fun voices! Some ideas you can use are: a roaring lion voice, make a crocodile mouth with your arms and chomp down every time you say a word, or just shout it out loud!

Look for ways that you can live like the wise.
