

Knowledge is learning something new so you can be better at whatever you do.

Read: Proverbs 18:15

DAY

1

That's News!

When you discover something new, it can change you! With some family, play a game of Telephone. Whoever is first, share something about yourself that the rest of your family might not know. The last person gets to announce the new information to the rest of the family! Take turns being first.

LOOK for opportunities to learn something new about others.

DAY

2

Learn Something

Is there anything new you have wanted to learn? Maybe a gymnastics move, how to play a game, or create something. Do you know someone who can help you? Talk to your parent about what you want to learn and work together to find someone to teach you about it!

Have a conversation with an expert or use the internet (with an adult's permission) to research a how-to!

ASK others who know more to help you learn!

DAY

3

Listen For It

Read through this week's verse. Think back to this week's Bible story about John the Baptist and Jesus. What did John learn about Jesus? What did you learn about Jesus?

If you need a refresher you can look up John 1:19-42 and John 3:22-36. Have someone read it to you aloud and listen carefully to learn the answers.

KNOW that you can listen and learn from others.

DAY

4

Learning From God

Pray and ask God to give you opportunities to learn more about Jesus.

~~~~~  
"Dear God, I know that I can learn about you in so many ways. I pray that you give me opportunities today to learn more about you. I pray I have eyes to see what you can and will do. I know that I will love it. Amen."

~~~~~  
THANK God for being all around you to see.

When you discover
something new,
it can change you.
